

Hathern C of E Primary School

Weekly Update

Friday 7th May 2021

01509 842569 www.hathernprimary.org admin@hathernprimary.leics.sch.uk

In this weeks update:

- Parent Governor Election
- REMINDER—PE KIT
- Building works—Traffic increase
- Community Recovery Worker

Parent Governor Election

Our parent governor ballot runs until midday on Tuesday 11th May so please don't forget to vote. So far, 75 parents have voted.

You may vote for up to 2 candidates this time by clicking on the box against the name of the person(s) for whom you wish to vote. Each parent should vote on a separate form ie, mum and dad should vote separately in their own name. Duplicate votes made by the same person will be discounted. The count will take place at midday on 12th May 2021.

VOTE HERE: <https://forms.gle/UffoNFNDtHFTojyE9>

PE Kit

Mr Hanford is becoming increasingly frustrated by the number of children who do not have PE kit in school. Children should have appropriate kit in school when they are due to have a PE lesson—if you are unsure when these take place, get in touch and we can update you. Thank you

Building works—Pasture Lane

As previously reported, over the next few months, there will be building work taking place at Paul Hunt's Workshop (next to the park entrance) and down at the Football ground/Hathern Band enclosure (just beyond the school). This is likely to cause some disruption for all users as heavy machinery, delivery lorries and increased work traffic descend on the Lane. Therefore, I would advise that extra care is taken when coming to/from school. As mentioned many times before, if at all possible, **walk to school** when you can and consider parking further away and walking the last stretch if you need to drive to drop off. Walking, scooting or cycling to school are the best options for our/your children's health and we would encourage you to do this whenever you can.

**Community Recovery Worker
for
The Public Health Department**

My Name is Tracey and I am the Community Recovery Worker for the Charnwood Area.

There are 8 of us in total who cover the localities within Leicestershire, enabling us to identify the strengths of our citizens and the communities in which they reside.

The aims of our role are to:

- Support citizens and their communities to build resilience to the effects the Covid-19 pandemic has had upon them.
- Provide a service which is tailor made for citizens, ensuring a person centred approach is implemented.
- Provide support on a short. Medium or long term basis.
- Work alongside the preventative organisations/services.
- Signpost citizens to relevant services, regarding support for food, medication collection/delivery, befriending and transport services, the latter with regards to attendance of medical appointments.

There is no referral process for our service, contact can be made directly to myself:
