

Class 2 Memories

As this is our last zoom call as Class 2, I thought it would be nice to share our favourite memories from the year and to think about what we are most looking forward to next year.

Although it has been a strange end to the year, we have still had a wonderful time as Year 2s and had lots of exciting and fun memories.

Maximus: European Day of Languages

In Greece we ate food. I did not like the olives.

In Portugal, we learnt about the cockerel and painted a dot picture.

In Ukraine we listened to stories and painted the flag.

In Germany, we played table football with counters and played hockey in two teams.

The Great Fire of London was my favourite topic in Year 2 because I loved burning down the model houses that we all made.

My favourite English has been the work around Lights on Cotton Rock which showed great persevering like we should all do when learning.

Michael: This year I have enjoyed

- Making pop art with lots of colour, learning about Andy Warhole and doing outside sculptures in the style of Andy Goldsworthy
 - Doing science experiments and learning all about different animals, their habitats and adaptations
 - Doing fluency and working out different puzzles in maths
 - Learning about different oceans and continents
 - Watching the cartoon about Robot and Alien and doing the English work about the cartoon

- Next year I am looking forward to learning all about scientists and what they have done

Mrs Staples' Favourite Memories from Class 2...

Although our year has been cut short, my favourite thing about year 2 has been coming into work every morning to 25 wonderful, smiling faces.

I have loved every minute of teaching all of you this year and I am so proud of how hard you have all worked and how positive you have all been during this strange time.

Although I am not your teacher when you return in August, I cannot wait to see your smiling faces on the first day back 😊
